

Our Commitment to DE&I

Last Modified on 04/02/2024 8:45 am EDT

At the HBA, we're on a journey – to make diversity, equity, and inclusion not just buzzwords but the heart of healthcare. We firmly believe the road to real equity and groundbreaking innovation runs through a truly inclusive community. Through our United Force for Change, we are committed to tackling the systemic challenges facing leaders in our industry and beyond. We don't just appreciate diversity; we're weaving it right into the DNA of our organization.
