

What happens after Activation?

Last Modified on 04/02/2024 9:23 am EDT

Soon after submission, Champions and Executive Sponsors designated in the Activation Form will receive communications with:

- Their tools/resources to get started
- Access to the HBA GAP Resource Center
- Community of Practice schedule of live meetings to get set up for launch

The HBA will:

- Assign Advisors, Program Excellence Manager, and Launch Leader, making introductions once assignments are made
- Host Community of Practice Sessions to guide Champions step by step through the setup process

The Communities of Practice and additional setup details are outlined in the Global Ambassador Program Resource Center by role to help you walk step by step through the process.
